

Grilled Cheese Sticks

Makes: 8 sticks

Ingredients:

8 slices of white bread

8 slices of cheddar cheese (Kraft and Velveeta are good for melting)

4 Tbsp of butter or margarine

Directions:

Cut the crust off of each slice of bread. Smush each slice until flattened.

Place slice of cheese on top of bread and roll up tightly.

In a large skillet over medium heat, melt butter. Place rollups seam side down in the melted butter. Roll the sticks around in the skillet so they get browned on all sides.
