

Halloween Bark

Ingredients:

14 Oreos, broken (you could get the Halloween oreos with orange frosting or plain)
2 bags of white chocolate chips
1 cup candy corn
1/2 cup of pretzel sticks (I found myself wanting more, so you might want to increase the amount)

Directions:

Cover a large cookie sheet with wax paper or parchment paper. Spread 1/2 broken cookies, 1/2 pretzels and 3/4 of the candy corn onto paper.

Place your white chocolate chips in a microwave safe bowl and heat in the microwave for 30 second intervals, stirring between, until melted.

Pour the melted chocolate mixture over the pan and spread if necessary for even coverage. Sprinkle the remaining ingredients over the white chocolate while it is still wet.

Place cookie tray in refrigerator until firm (mine took about 30 minutes). Remove from fridge and break into pieces using your hands. (I tried it with a mallet, and trust me, hands are better)
